source address with logical or physical addres | Search Patents

"with" is a very common word and was not included in your search. [details]
Lowercase **"or"** was ignored. Try **"OR"** to search for either of two terms. [details]

Patents

Patents **11 - 20** on **source address with logical or physical address**. (0.05 seconds)

Media library having locally vectored drive addressing
US Pat. 5883864 - Filed Feb 24, 1997 - Quantum Corporation
For example, an EXCHANGE MEDIUM command issued by a host 12 or 14 may specify a
source address as slot 112B and a destination **address** as **logical** drive ...

Method of load distribution for message processing in host system in local area network
US Pat. 5517488 - Filed Jun 21, 1993 - Hitachi, Ltd.
5, the **logical** and **physical** addresses of the destination are registered in the table
... When the **source logical address** has not yet set, the communication ...

Intelligent network
US Pat. 6363411 - Filed Oct 19, 1999 - MCI WorldCom, Inc.
With this type of screening, a **source** is associated with an inclusion or ...
this **logical** name is translated by the NNOS NT component to a **physical address** ...

System for allocating buffer to transfer data when user buffer is mapped to **physical** region that ...
US Pat. 5687392 - Filed May 11, 1994 - Microsoft Corporation
1. **address** space 133. These **logical** addresses represent the 15 be transferred,
... 132 as a single contiguous block of **logical** a **physical address** space 134. ...

Transparent and secure network gateway
US Pat. 5781550 - Filed Feb 2, 1996 - Digital Equipment Corporation
The IP **address** is a 32 bit **logical address** that security infonnation with the proxy
... The IP **address source address** of A and a destination **address** of the ...

Logical track write scheduling system for a parallel disk drive array data storage subsystem
US Pat. 5124987 - Filed Apr 16, 1990 - Storage Technology Corporation
The entry contains the **logical** sector **address** at which the virtual track instance
... are in ascending **Logical Address** order. COPY TABLE **SOURCE** HEAD POINTER ...

Establishing **logical** paths through a switch between channels and control units in a computer I/O ...
US Pat. 5420988 - Filed Mar 8, 1994 - International Business Machines Corporation
The a frame is received with a valid **source address** 52, the system of FIG. ...
The **physical** path from reason code, for instance, is transmitted in the ...

Method and apparatus for determining accurate topology features of a network
US Pat. 6108702 - Filed Dec 2, 1998 - Micromuse, Inc.
The disclosed apparatus also uses a unique method for 24 2) If any other
device/**logical** group has two or more ports that have at least one **source address** ...

Hierarchical memory system with **logical** cache, **physical** cache, and **address** translation unit for ...
US Pat. 4926317 - Filed Apr 12, 1988 - Convex Computer Corporation

The **address** translation unit 118 further includes a **source**/destination bus ...
each **logical address** must go through a translation into a **physical address** ...

Method for correlating **logical** device names with a hub port in a local area network
US Pat. 5588119 - Filed Aug 23, 1993
The **source address** field (SA) contains the **address** for the station from which the
... to correlate **logical** names of devices with their **physical** location. ...
